FISH WARDEN'S REPORT.

Van Dusen's September Account Gives Interesting Figures.

To the Honorable Board of Fish Commissioners, Salem, Ore.:

Gentlemen:—The receipts of my office from account of licenses issued during the month of September amounted to \$775, which was in accordance with the following:

163 individual fishing licenses	\$143 00
72 gill-net licenses	150 00
125 set-net licenses	125 00
1 canner's license (first-class)	100 00
15 fish dealers licenses (first-class)	150 00
1 fish dealers license (second class)	25 00
1 trap	15 00
1 seine license for 100 feet additional web for seine No. 9	2 00
1 seine license (750 feet long)	15 00
Total	\$775 00

The hatchery work that we have undertaken for this season we have well under way and from reports received from the different stations, results so far have been obtained as follows:

THE CLACKAMAS RIVER STATE HATCHERY.

At the Clackamas hatchery they got through taking eggs August 31st, and only succeeded in getting 1,654,000.

SALMON RIVER HATCHERY.

At the Salmon river hatchery only 1,003,000 eggs of the early chinook variety were secured, as previously reported.

MCKENZIE RIVER STATION.

At the McKenzie river station they began getting eggs August 19th, and up to September 29th had succeeded in taking 625,000.

From reports received from this station we may expect a few more eggs, for they still have salmon in their traps for spawning purposes and will be able to get a few more eggs, though no great additional quantity is expected.

GRAND RONDE RIVER STATION.

On the Grand Ronde they began getting eggs September 13th and up to September 27th had succeeded in taking 1,624,000.

From reports from this station they have now on hand between their racks salmon enough to get about as many more eggs as what they have so far reported.

ONTARIO STATION.

At the Ontario station no eggs had been taken up to the 30th of September. At that station they have a fine lot of chinook salmon between their racks ready for spawning purposes, and should be able to get from them a large quantity of eggs. Superintendent Brown figures that he should begin getting eggs inside of a week or ten days.

WILSON RIVER STATION.

At the Wilson river station they are virtually through taking eggs from the chinook variety of salmon. They began getting their eggs September 19th and finished up the 27th. 153,000 eggs were all that were secured.

At this station we will also attempt to do work with the silverside variety of salmon, which are beginning to come along now and should be ready to spawn within a month or six weeks.

YAQUINA STATION.

At the Yaquina station no eggs have been secured as yet. We have everything in readiness here at this station and a fine lot of salmon between racks, but as yet they have not begun to spawn.

ALSEA RIVER STATION.

At the Alsea station the first eggs were taken September 16th and up to September 27th 12,500 were secured.

SIUSLAW HATCHERY.

On the Siuslaw only two attempts have been made to take eggs: September 18 6300 were taken, September 23 5300 were taken, making a total of 11,600.

UMPUQUA HATCHERY.

On the Umpqua they began getting eggs September 6th and up to September 30th had succeeded in taking 615,000. At that time they had a few salmon remaining between their racks from which eggs would be secured, but it would not increase the number reported very materially.

SOUTH COOS RIVER HATCHERY.

At this station no eggs have as yet been taken.

COQUILLE STATION.

At this station no eggs have as yet been taken.

Very respectfully submitted,

H. G. VAN DUSEN,
Fish Warden.

DEFEATED THE BACHELORS.

Single Men Failed to Get a Look In at the Alleys Last Night.

While sad it is the married men should thus unhappily meet their fall 'tis better to have bowled and lost than never to have bowled at all.

When some poor, misguided bachelor made this poetic prediction of the outcome of last night's contest between the married and single men of the Commercial club, his pipe was going. There was never a time when the singles had a ghost of a show to win, and the slaughter was really awful. Indeed, it was one of the saddest things in the history of local bowling. Had the pins been as large as telegraph poles and the balls the size of Santos-Dumont's airship, the bachelors would still have been found wanting. They stamped themselves

as lobsters of the first water, whereas the doubles rolled excellently.

Captain Fye, if those who are tied up for life (or until death or the courts separate them), was the bright, shining star of the night. With total disregard for the finer sensibilities of the singles, he cracked out 216 pins, establishing a new local four-game record. The best previous tournament total was 207, scored by Will C. Laws last winter. Fye bowled in wonderful form and his toes were earned. His scores were 50, 56, 60, 50. H. W. Dean secured the next best total, 175, while there was but one other total over 100. The scores were as follows:

SINGLE MEN.

P. H. Sovey	141
F. W. Woodfield	132
Frank Peterson	125
P. E. Peterson	129
J. W. Mathena	122
E. W. McCabe	119

MARRIED MEN.

Herman Wise	151
H. W. Dean	115
James Keating	125
A. S. Tee	123
C. H. Cooper	127
B. J. Fye	216

The scores by games were as follows: Married men... 241 226 241 225-237 Single men... 188 209 232 171-209

At the conclusion of the contest the benches were entertained at supper by their defeated friends.

It is the intention of the bowling committee to enter a team in the interstate tournament this winter.

MARINE NOTES.

The schooner John A., lumber laden for San Francisco, arrived down from Portland yesterday.

The schooner Fred E. Sanders arrived from Portland yesterday. The vessel has lumber for San Francisco.

The British ship Pass of Brander, which arrived in Monday evening, is from Alga bay via Victoria. She is in ballast.

The steamer Geo. W. Elder arrived in yesterday from San Francisco. It has been reported that this is to be the last trip of the Elder on the San Francisco-Portland run and that the State of California is to take her place, but the local agent of the O. R. & N. Co., has heard nothing of the proposed change. It appeared in a San Francisco paper several days ago that the Elder would be placed on another run, but this has not been confirmed.

The British trans-Pacific freighter Lime Branch was expected down from Portland last night but up to a late hour had not arrived. This steamer is the largest vessel that ever put in over the Columbia river bar. When she leaves out from this port she will have on board coal and wheat amounting in all to over 5,000 tons. Considerable interest has been manifested in the steamer and upon her arrival here it is expected that everyone will want to have a look. The Poplar Branch, now on its way to this port, is even larger than the Lime Branch; being two-tenths of a foot longer, which makes a difference of eight tons in the gross register of the two ships, a difference that will hardly be distinguished. If both mammoth vessels are in port at the same time it might be advisable for the neglected regretta to be held in honor of the event.

THE NEW ENGLISH STAMPS.

Now that the king of England has been crowned that government is preparing to issue a new series of postage stamps showing him wearing his crown in place of the wreath represented on the present ones. It is generally admitted that now is the proper time to make the change as it was considered inappropriate to represent him wearing his crown before the coronation had actually taken place. The proper time to commence taking Hostetter's Stomach Bitters is at the first symptom of a disordered stomach, such as sick headache, belching, heartburn, indigestion, dyspepsia or constipation. By strengthening the stomach and perfecting the digestion these ailments are completely cured and your health in general is made better. Be sure to try a bottle.

HATS TRIMMED FREE.

Mrs. R. Ingleton has just opened up a fine line of ladies' fall hats, walking skirts, over skirts, woolen shirt waists and under clothes, and all kinds of ladies' and children's furnishing goods. Hair switches and pompadours. A chance for the elegant \$500 piano with each 50c purchase. Welch Block, opposite Budget office.

PERSONAL MENTION.

Jake Bradler of Seaside is in the city.

Captain Dolg is in the city from the Nehalem.

Mrs. Sarah Ross has returned from Portland.

Dell Scully came down from Portland yesterday.

Fred J. Brown and wife are in Portland on a visit.

R. M. Wooden was in from his farm in Nehalem yesterday.

Father Dielman returned yesterday from a visit to Seaside.

J. H. Jahnson and family came up from Seaside yesterday.

John Selnes, the well-known box factory man is in Portland.

Mrs. George McBride returned from the West Side yesterday.

Father Lane has returned from Tillamook where he paid a pastoral visit.

Mrs. F. F. DeYo and daughter Lou will very soon leave for Berkeley, California where they will spend the winter.

C. A. Honston was a passenger on the Bailey Gatzert when the steamer arrived down from Portland yesterday afternoon.

Miss Nellie Morrison who has been on a brief visit to the West Side returned yesterday to her home in this city.

Ed. Ridaway and wife arrived in the city yesterday from California and will go on to Seattle their place of residence, after first visiting Oregon City, Mrs. Ridaway's former home. At one time Ridaway was an employe of the Lighthouse Tender Columbine and is known here. The couple are returning from their honeymoon.

BINDER-NOE NUPTIALS.

A charming wedding took place last evening at 644 Exchange street. Mr. Watson J. Binder and Miss Olga Noe being the contracting parties. Rev. William Seymour Short officiated. The bride was beautifully attired in white silk mull and carried in her hand a bouquet of bride's roses. Miss Alice Noe, in pale blue organdy, was bridesmaid. Mr. William Binder stood up with his brother. The ceremony was performed beneath a horseshoe made of ivy and La France roses. The rooms were handsomely decorated with ivy, La France roses and hydrangeas. A number of friends and relatives were present and the ladies all voiced the single sentiment that the bride looked "perfectly splendid." Mr. and Mrs. Binder will not leave the city on a wedding trip at the present time, but will begin housekeeping at once.

REVISED TAX ROLL.

Following is the tax roll as revised by the board of equalization. The board cut down the valuation nearly \$2,500.

Acres tillable land, 4,460.24, \$36,449.
